

# Charles River Everywhere

Charles River Everywhere helps investment professionals manage and monitor portfolios in real time. The application provides professionals with a consistent digital experience across devices. Increased mobility helps professionals be more productive, minimizing lost opportunities for engagement with prospects. Portfolio managers can monitor portfolio holdings, track asset allocation exposures, and see the latest trade information. Other professionals may view alerts and take appropriate action, including responding to new compliance issues.

Charles River Everywhere also allows financial advisors to make in-person client meetings more interactive with graphical reporting and real-time portfolio information.

## Real-Time Portfolio Management

Firms can more effectively manage multi-asset portfolios with Charles River Everywhere:

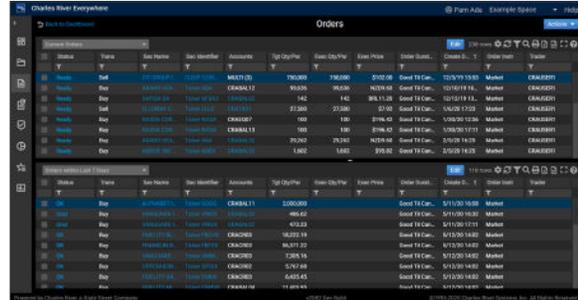

- Monitor portfolio events such as cash deposits, portfolio drift, and account openings via notification dashboards
- Create/manage asset allocation or security models
- Utilize suitability attributes to help ensure that models are appropriate for client risk profiles
- Assess exposure in categories such as asset classes, sectors and currencies
- View top 10 holdings based on real-time trade and valuation data
- Create orders and track them through execution
- View account information, including model, benchmark, portfolio, and manager data
- Filter accounts to view specific security holdings and identify exceptions such as portfolio drift

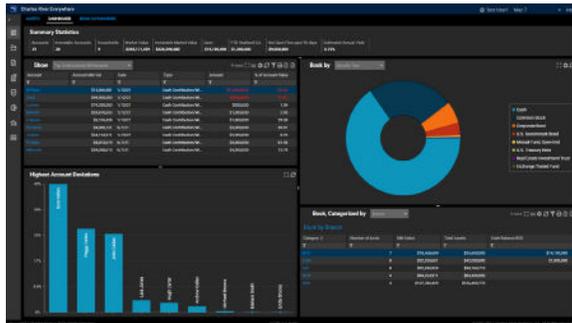

# Trading and Order Management

## Actively manage the entire order life cycle:

- Create orders and modify order details
- View and modify orders and allocations
- Filter displayed orders using pre-configured queries
- Analyze estimated gain/loss impact of proposed orders across multiple accounts
- Change layouts for different user role

# Book of Business Dashboard

## View a summary of entire book of business:

- Quickly assess and address areas requiring attention
- Provides capabilities for personalization
- Helps increase efficiency and productivity

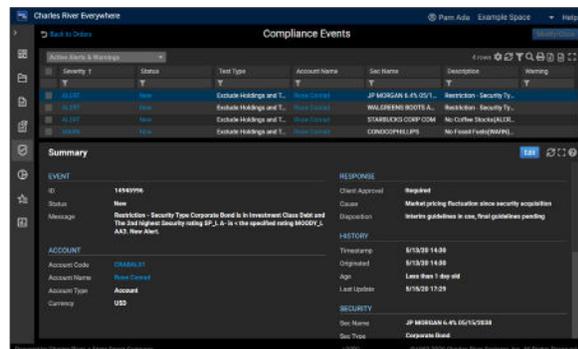

# Compliance Dashboard

Centralized pre-trade compliance and risk monitoring helps advisors meet client objectives and guidelines.

## Through the dashboard, advisors can:

- View a list of all violations
- Access which rules were violated
- Address compliance issues
