TRAINING COURSE SCHEDULE 2023

Please note: due to the continuing situation regarding Covid-19 (Coronavirus) all training courses for the foreseeable future will be delivered remotely utilizing the Charles River Virtual Classroom and a WebEx conference line. These measures allow the training team to continue to provide training using a fully hands-on environment with access to an instructor. An added benefit of this delivery method is that if any student is required to stay home due to self-isolation, they can still attend their assigned courses if they feel well enough to do so.
